WELCOME REMARKS

Praise be to Allah, the Most Gracious and Most Merciful, for His abundant blessings and mercy that continue to accompany the dynamics and journey of the Faculty of Forestry at Mulawarman University. May Allah continue to guide and bestow blessings upon all members of the campus community and stakeholders.

As an educational institution deeply committed to quality, we acknowledge the importance of self-assessment as a critical step in understanding the strengths and challenges we face. In this report, we reflect on our achievements while identifying opportunities for improvement to enhance the learning experience for our students.

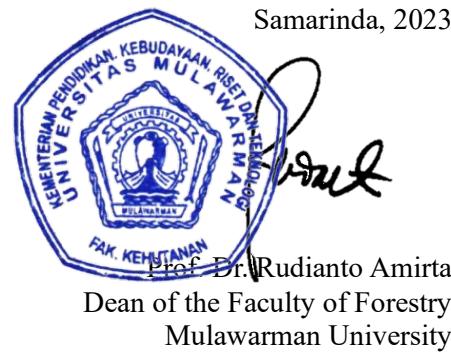

The process of self-assessment is not merely an obligation but a valuable opportunity to strengthen the foundation of our education. We have diligently endeavored to understand market needs, integrate student feedback, and engage industry stakeholders in curriculum development. Yet, we recognize that the journey towards excellence is an endless one.

In this report, we present a comprehensive overview of our compliance with ASIIN standards, providing detailed explanations of the measures taken to ensure that our educational programs remain relevant, up-to-date, and of high quality.

We invite all stakeholders to provide constructive feedback, acknowledging that we all play a crucial role in building a better future for education. We believe that, through collaboration and a continuous spirit of improvement, we can achieve higher levels of excellence.

Thank you for your attention, and we hope that this report serves as a solid foundation for ongoing improvements.

Samarinda, 2023

Prof. Dr. Rudianto Amirta
Dean of the Faculty of Forestry
Mulawarman University

PREFACE

With hearts full of pride, we unveil this tribute to the exceptional faculty of Mulawarman University's Forestry Faculty. This book isn't just a collection of CVs; it's a vibrant tapestry woven from their dedication, expertise, and passion for shaping the future of forestry.

Here, you'll meet the dedicated minds molding tomorrow's foresters, conservationists, and environmental heroes. Discover academic paths, research flames, and legacies in the ever-evolving world of forestry, all within these profiles. From seasoned pioneers to rising stars, each brings a unique perspective and infectious zeal to classrooms and labs, fostering a dynamic space for learning and exploration.

This book transcends a mere list of accomplishments; it's a testament to the unwavering dedication and exceptional talent that define Mulawarman's Forestry Faculty. It serves as a beacon for students seeking guidance and inspiration, a bridge for colleagues to collaborate and learn, and an open door for anyone captivated by the vital role of forests in our shared future.

As you turn these pages, we invite you to discover not just professional achievements but the human faces behind the research, lectures, and transformative field projects. Their stories resonate with both insight and inspiration, a testament to the enduring power of knowledge, unwavering dedication, and a shared commitment to a greener tomorrow.

This compilation embodies the unwavering resolve of the Mulawarman University Forestry Faculty to become a leading force in Asian forestry education. Guided by our vision of excellence, deeply rooted in the boundless potential of tropical forests, we strive to nurture future generations of stewards and ambassadors for our planet's vital green lungs.

May this book be a guiding light, paving the way for a flourishing future for our forests, and through them, our world.

Sincerely,
Author

Important publications	Selected recent publications from a total of approx (17):		

over the last 5 years 1. The potential of five wild growing aromatic plants from Hemaq Beniung Customary Forest on antidiabetic activity (2023)

2. Profil Fisika dan Kimia Minyak Atsiri dari Jenis Tumbuhan Litsea Dengan Metode Penyulingan Perebusan (2023)
3. The potential of Macaranga plants as skincare cosmetic ingredients: A review (2023)
4. A Comparative Analysis of Essential Oils from Three Species of Cinnamomum Growing Wild in East Kalimantan (2022)
5. A Mini Review: The Application of Eupatorium Plants as Potential Cosmetic Ingredients (2022)
6. Pemanfaatan Limbah Sebagai Hidroponik dan Pupuk Organik Cair Di Desa Sumber Sari, Kutai Barat (2022)
7. Evaluation of Antibacterial Activity and Physico-Chemical Profiles of *Eucalyptus pellita* Essential Oil from East Kalimantan (2021)
8. Antioxidant and Antibacterial Activity from Three Different Solvents of *Nephelium ramboutan-ake* Leaves Crude Extract (2021)
9. Peningkatan Literasi Masyarakat Desa Asa, Barong Tongkok, Kutai Barat Era New Normal (2021)
10. Toxicity, antioxidant ability and inhibition of oral pathogens by monoterpane-rich essential oil of *Litsea angulata* Blume (2020)
11. Pengujian Toksisitas Kulit Batang Kratom (*Mitragyna speciosa* Korth) Terhadap Larva *Artemia salina* (2020)
12. Short Communication: In vitro antibacterial activity of essential oils from twelve aromatic plants from East Kalimantan, Indonesia (2019)
13. Chemical Composition, Antibacterial and Antioxidant Activities of Essential Oils of *Dryobalanops lanceolata* (2018)
14. Chemical Compositions and Antimicrobial Potential of *Actinodaphne macrophylla* leaves oils from East Kalimantan (2018)
15. Antibacterial and glucosyltransferase enzyme inhibitory activity of *Helmyntostachys zelanica* (2018)
16. Chemical composition and bioactivity of essential oil from the leaves of *Scorodocarpus borneensis* Becc. (Olacaceae) grown in Indonesia (2018)
17. Phytochemical, antioxidant and antimicrobial properties of *Litsea angulata* extracts (2018)
